THE DEMOCRATS.

Judge Alton B. Parker Selected as Candidate For President on First Ballot.

NOMINATION MADE UNANIMOUS.

Ex-Senator H. G. Davis, of West Virginia, Was Nominated For the Vice Presidency.

Judge Parker, in a Telegram to the Convention, Expressed His Views on the Gold Standard Question, to Which a Reply Was Sent.

St. Louis, July 7.—The democratic national convention met Wednesday, listened to the extended speech from representative John Sharp Williams, its temporary chairman, appointed the committees necessary to perfect a permanent organization and adjourned in a session lasting two hours and 50 minutes one striking incident overshadowed all other proceedings. That was the enthusiastic and prolonged cheering which greeted the name of Grover Cleveland. While the outdoor which greeted the name of the former democratic president before its last syllable had fallen from the lips of the temporary chairman was noteworthy in itself, it was magnified by contrast with the greeting accorded the actual man who stood for all that has been opposed to Mr. Cleveland within the party during the last eight years.

St. Louis, July 8.—The democratic national convention Thursday adopted the report of the committee on rules, credentials and permanent organization. The session opened at 10 o'clock, an hour later took a recess until 2 p.m., and adjourned at 6:30 until 10 o'clock Friday. During the day several speeches were made, chief of which was William Jennings Bryan's effort to overthrow the report of the credentials committee and seat contesting delegates from Illinois. The controversy was ended by the rejection of the minority report of the committee by a vote of 647 nays to 393 ayes. Though Mr. Bryan's speech and his appearance on the floor of the convention was cheered far beyond any previous demonstration, it made few votes.

When the result of the contest was announced the report of the committee on permanent organization was made. Representative Champ Clark, who was chosen permanent chairman, addressed the convention.

The platform was presented to the full committee at 8 o'clock Thursday night, and the contest over the gold plank which had occurred in the sub-committee was soon renewed and with unanimous force.

The day was given up by the sub-committee to the consideration of the bills connected with the consideration of the various planks, action on the most important of them being postponed until the closing hours of the sitting. The taking up of the financial plank precipitated a sharp debate in which most of the members participated. Ben F. Dubois opposed it most vigorously. He admitted that the increase in the production of gold had had the effect of creating a sufficient supply of money for the present needs, but said that "the output of the precious metals . . . is irregular as to render it most uncertain, and argued that while the present supply may be sufficient to meet the wants of the world, it can not be relied upon permanently."

He was replied to by Senators Daniel and Hill, who contended that the plank presented recognizes the quantitative theory of money advocated by the democratic party and from this point drew the conclusion that the declaration is not inconsistent with former pronouncements on the subject.

St. Louis, July 9.—The democratic national convention Friday night adopted a platform by a vote of 300 to 160 in favor of nominating speeches for president. Judge Alton B. Parker was named by Martin W. Littleton and William Randolph Hearst by D. M. Delmas. Both orators were applauded at length. Anti-Parker delegations attempted to create enthusiasm for their candidate, but the Parker men remained undisturbed and unconcerned. Hearst delegates paraded the hall but the showing was small comparison with the Parker procession which preceded it.

Nominating speeches for favorite son candidates and seconding speeches for both Parker and Hearst occupied the convention for several hours. The convention hall seated about 10,500 persons, and from appearances hundreds more had been admitted. The floor and lower and upper galleries contained thousands of swarthy men and women oblivious to the fact that the crowded condition of the hall endangered every life.

As soon as the convention had been called to order Chairman Clark announced that the report of the committee on resolutions was ready. Senator Daniel read the report, chairman of the committee. The convention confusion was so great that not a word could be heard ten feet from the platform.

The great climax of the convention

the nomination of a candidate for president—followed immediately upon the adoption of the platform.

Chairman Clark proceeded to that order of business without delay.

Alabama was called and yielded to New York. Mr. Littleton's speech immediately pleased his audience and when he concluded the delegation rejoiced. Flags waved, banners were held aloft and great as was the crowd, delighted carrying the standards of the Parker states paraded through the convention, pushing, trampling and fighting. All who observed their progress. The scene was one of tremendous confusion. Then was enacted a scene that recalled an incident of the democratic convention in Chicago which nominated William Jennings Bryan eight years ago.

California, a feverish state, was next, as was D. M. Delmas, of that state, was recognized and there was some cheering as he made his way to the platform, but it was not prolonged.

The hall was a bedlam when Mr. Delmas concluded.

Motion to limit seconding speeches for five minutes was put to vote and carried.

Vigorous applause followed Mr. Orman's mention of the name of Gen. Meade, but when he concluded his address after naming his candidate he was frequently interrupted by the galleries and the applause at the conclusion of his remarks was short-lived. In the midst of the handclapping Chairman Hillyer's gavel fell sharply and ended it.

At 1:25 Saturday morning Maine gave way to Missouri and Champ Clark, of that state, took the platform to place in nomination Senator Francis M. Cockrell, of Missouri, for the presidency. Clark was heartily cheered and brought out great laughter by his earnest and witty passage in turn.

When Nebraska was called at 2:25 there were loud cheers for Bryan. After many calls Bryan mounted a

platform and received an ovation. Ityan announced that Nebraska yielded her Wisconsin.

"Massachusetts," called the clerk, and Patrick A. Collins, of Boston, made his way to the platform to nominate Richard Olney, of the Old Bay state.

When Wisconsin was called David B. Rose nominated Wall, of Wisconsin.

J. S. Williams, who was placed in nomination, withdrew his name early Saturday morning and seconded Parker.

St. Louis, July 9.—At 6:30 a.m. Saturday morning—Alton B. Parker was nominated for president. On the completion of the first ballot he received a total of 658 votes. Before the vote was announced, Idaho changed her six votes.

Washington changed from Hearst to Parker. This was followed by a motion by Champ Clark to make the nomination of Parker unanimous. Scenes of great enthusiasm followed. A monster American flag was unfurled from the dome of the building. The band struck up "Star Spangled Banner."

Patrick A. Collins, of Massachusetts, took the stand to second the motion to make the nomination unanimous. Parker's nomination was made unanimous.

Convention adjourned until 2 o'clock Saturday.

St. Louis, July 11.—The following telegram was received from Judge A. B. Parker, by the democratic national convention Saturday afternoon, just as the democratic national convention was about to finish its work and nominate a candidate for vice president:

"I regard the gold standard as firmly and irreversibly established, and shall act accordingly if the action of the convention of to-day shall be ratified by the people. As the platform is silent on the subject, my views should be made known to the convention, and if it is proved to be unsatisfactory to the majority, I request you to decline the nomination for me at once, that another man may be nominated before adjournment." A. B. PARKER.

The convention then adjourned until 7 o'clock Saturday evening. On its resuming the convention partially granted Mr. Parker's request by sending him the following telegram:

"The platform adopted by this convention is silent on the question of monetary standard because it is not regarded by us as a possible issue in this campaign, and only campaign issues were mentioned in the platform.

Therefore, there is nothing in the platform expressed by you in the telegram just received which would preclude a man entertaining them from accepting a nomination on said platform."

Nominations for vice president were then received and a vote was taken.

Alabama, Arkansas and California went solidly for Senator H. G. Davis. Turner scored seven on the Colorado vote and Williams received three at the same time. The final result of the ballot was unanimously:

Williams 165
Turner 100
Davis 64
Harris 58

None did not vote.

The nomination of Davis was made unanimous.

At 1:30 o'clock Sunday morning Senator McCready adjourned the convention sine die, the band playing "Auld Lang Syne."

The residence of Sam King, in Pekinville, was destroyed by fire last week.

STORM VISITS FAIR

Lightning Struck Agricultural Building But Structure Was Not Seriously Damaged.

THE VISITORS DRENCHED BY RAIN.

Wind So Strong That the Doors of the Large Fair Buildings Were Ordered Closed.

Considerable Damage Was Done to Property in St. Louis and One Man Was Struck by a Thunderbolt and Killed.

St. Louis, July 12.—A terrific storm of wind, rain and hail prevailed in St. Louis and vicinity for a short time Monday afternoon, causing considerable damage to property. One man was killed by lightning and five others were injured, but not seriously hurt, by flying missiles. The maximum reached by the wind was 65 miles an hour.

Twelve barges were blown across the river, and 18 or 20 houses on 21st street, between Washington and Carr streets, were completely unroofed and other damage throughout the city.

Some of the hall stones that fell during the storm measured an inch in diameter. Windows were broken by the hall stones, and several delivery wagons were blown over.

A man named O'Toole was struck by lightning near his home and killed.

Wind struck the steeple of the North Presbyterian church and blew it across the street into the front of a grocery store.

Several buildings were unroofed, trees were uprooted or broken off, heavy plate glass windows were broken by wind and hail and telephone and telegraph wires were carried away in various parts of the city.

At the World's fair grounds the high wind and heavy rain broke suddenly without warning. Visitors had no time to seek shelter, hundreds who were more than 100 feet from the buildings being drenched by the sudden and violent downpour.

The wind was so strong that the Jefferson guards were ordered to close the doors to the large World's fair buildings in order that the wind might not raise the roofs. Lightning struck the agriculture building, but did no serious damage.

Lincoln, Neb., July 12.—A tornado Sunday night destroyed seven farm houses and barns and outbuildings near Hurwell. No lives were lost. The list of injured is not obtainable.

A TORPEDO ATTACK.

Japanese Attempted to Penetrate Harbor at Port Arthur.

Chefoo, July 11.—A European who left Port Arthur at 5 o'clock Sunday afternoon reports that the Japanese made a torpedo attack Sunday morning, attempting to penetrate into the harbor. They were repelled without loss to either side.

The European reports further that on July 7 severe fighting occurred around Port Arthur. The Russians claimed to have driven the Japanese back on all sides, but admitted a loss of over 1,000 killed. Seven hundred wounded are said to have arrived at Port Arthur July 8 and it was reported that more were to come in.

Gen. Count Keller's headquarters, via Liao Yang, July 12.—A serious fight is expected soon. The opposing forces are now occupying the hills on opposite sides of the Valley of Yanki river, where it crossed the Liao Yang road. The Russians, both officers and men, are anxious to contest the Japanese advance.

Washington changed from Hearst to Parker. This was followed by a motion by Champ Clark to make the nomination of Parker unanimous. Scenes of great enthusiasm followed. A monster American flag was unfurled from the dome of the building. The band struck up "Star Spangled Banner."

Patrick A. Collins, of Massachusetts, took the stand to second the motion to make the nomination unanimous. Parker's nomination was made unanimous.

WORLD'S FAIR NEWS NOTES

The exhibit of the Philippines Islands at the World's Fair costs more than \$1,000,000. More than 1,000 native Filipinos will comprise a part of the exhibit, and 40 acres of ground are required for the Filippine buildings and villages. An accurate reproduction of a section of the wall around ancient Manila is one of the architectural features.

The sculpture adorning the World's Fair grounds at St. Louis, embracing the world's greatest sculptures, has cost more than half a million dollars. Sculpture was never used so freely in adorning an exposition grounds, and critics say that the offerings never possessed so great artistic merit.

Chief Joseph and Geronimo, two of the most famous Indian chiefs alive, will make their home on the Indian reservation at the World's Fair during the seven months of the Exposition.

Connecticut's building at the World's Fair is finished and the furnishings are being installed. The building is a replica of the Sibley mansion at Hartford, and much of the wood-

A SERIOUS SUMMER COLD.
A New York Alderman's Letter Concerning Peru-na.

LOUIS F. CARDANI.

Hon. Louis F. Cardani, Alderman 20th District, New York City, writes from 616 Sixth Avenue, as follows:

"I contracted a serious cold last summer which persisted in staying with me and nothing would drive it away until I took Peru-na. Four days I felt much better, and at the end of the week all unpleasant symptoms had disappeared and I was well again. I am not in the habit of giving testimonials, but I make an exception in your case with much pleasure."—LOUIS F. CAHDANZI.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, and he will be pleased to give you his valuable advice gratis.

Announcement.

We are authorized to announce
HARVEY JOBE, JR.,
as a candidate for County Judge subject
to the action of the Democratic
Primary.
We are authorized to announce
A. L. BURTON

as a candidate for Jailer, subject to the
action of the Republican party.

Bryan says he will support Park-
er and Davis.

The Democratic party has not
been so thoroughly united for
many years as it is now.

Henry H. Davis was in the U. S.
Senate from West Virginia for
two years. He is a very suc-
cessful and able man.

A great outpouring greeted former
Senator Davis on his return to
his home at Elkins, W. Va., from
the St. Louis convention.

The stock market took a "boost,"
immediately after the nomination of
Parker and Davis, which shows
that "confidence" with them.

The following deserved and com-
plimentary mention of one of Big
Sandy's prominent men is from
the Salyerville News:

"While the election for State offi-
cials is some time ahead, much is
being said along the Big Sandy
and other sections of the State, ad-
vocating the claims of Walter S.
Harkins, of Prestonsburg, as the
next Democratic candidate for
Governor.

"Mr. Harkins is in no sense an
office seeker, and we do not know
whether he would be personally
willing or not to have his name
used in this connection, but the recent
developments in this section with
which he has been prominently
identified, have brought his name
before the public as a wide awake,
competent and public spirited man;
as one who would honorably and
well fill the duties of chief executive
of the State in a creditable
manner.

"To Mr. Harkins, as much as any
other man in this section, belongs
the honor for the developments
now going on in South Eastern
Kentucky. In season and out of
season, when the prospect looked
dark, he has given his time and
labor for the people of this section.

"From the time of his first entry
into professional life, he expressed
his faith in this section and pre-
dicted that the day would come
when the mountains of Kentucky
would be the richest and grandest
portion of the State. While others
were doubting, he put his faith in
this direction into labor and the
people are soon to reap the fruits
of his labors."

WEBBVILLE.

The popular teacher, Jay O'Daniel, got the school at Webbville. This is his third term here. Joe Swetnam has the Perkinsville school two miles above here.

John Hicks is on the sick list. The Willard Lodge of I. O. O. F. had the funeral of D. M. Banks yesterday by Rev. John Stumbo. About fifty Oddfellows were in line and 25 sisters of the Rebecca degree, which looked splendid. 600 or 800 people were there. Bro. Banks died last winter of smallpox and the burial service could not be performed on account of smallpox. Everybody was fed and entertained by the good people of Willard who are always ready to do their part.

Mrs. F. R. Moore has returned from Boyd county much improved in health.

Will Chandler, the new mail carrier from Webbville to Blaine, has started a hack line for passengers and packages.

There was quite a display of fireworks on the hill back of Webbville last night.

Crops are reported fine all through this county.

Several of the boys came back today from Ashland.

Our jovial friend, McDougle, travelling man, came in and went over to Bell's Trace. Several oil men also.

The writer went to Blaine on legal business. Saw both oil wells in operation. The prospect for oil at Blaine is fine.

The stone work on the Bank of Blaine is nearly completed. The bank officials there treated me very kindly. They know how to treat people.

Charley Holbrook and wife have a fine boy.

Uncle Billy Webb has returned from visit to his daughter in Ashland.

Fred Webb arrived home on a visit from New Grattan, Va., where he is clerking in a company store.

One of Bill Watson's beautiful daughters is at Judge Woods on a visit.

Miss M. Swetnam, daughter of John Swetnam, was here from Willard on her way home to Cherokee.

The widow of Abe Shepherd had a sale of her personal effects. They brought a good price on 3 and 6 months time.

Born to Squire Tandy Garrell and wife, a fine boy.

Tip Moore and wife started Monday to Logan, W. Va., to visit their son and daughter. Mrs. Moore will remain there all summer. Uncle Tip will return in 2 or 3 weeks.

Judge Woods went to Blaine on business.

The school question seems to be the question of the day. Six teachers are waiting to get their articles signed. It seems this county is getting in right bad shape in the school question.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me. It's also guaranteed to cure Coughs, Cold, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50¢ and \$1.00. Trial bottles free at A. M. Hughes' Drug Store.

SMOKEY VALLEY.

Jones & Carey's mill located on Reed Robert's farm is about done sawing.

Miss Ruby Adkins has been visiting her cousin Ivory Roberts.

Mrs. Julius Diamond, who was found by the roadside unconscious, is greatly improved. She had been thrown, or fallen from a horse. The baby she carried was unharmed.

The infant of George Diamond and wife is very sick. Dr. Fred Marcus is the physician.

Bro. Cheap preached an interesting sermon to a small congregation on last Sabbath.

Will Haws has recently made a trip or two up Tug.

Jerry Muney has purchased a buggy.

Mrs. Mattie Burton, of Irad, passed through here on her way to Louisa.

Our school opened Monday with Miss Ethel See teacher. We hope for a prosperous school.

BRUTALLY TORTURED.

A case came to light that for sheer and unmerciful torture has perhaps never been equalled. Joe Gotobek of Colusa, Cal., writes, "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried every thing known. I came across Electro-Bitter and it's the greatest medicine on earth for that trouble. A few bottles completely relieved and cured me." Just as good for Liver and Kidney Troubles and general debility. Only 50¢. Satisfaction guaranteed by A. M. Hughes, druggist.

SKAGGS.

Charlie Culver is very sick at this writing.

Harris Holbrook, who has been sick for some time, is better.

Teachers are making it lively in securing their schools and certificates. But peace seems to reign and all will start to work in their schools soon.

A full line of shoes, hats, clothing, ladies trimmed hats, and grommets which we will sell at cost as long as any other man advertises to sell at cost. We won't be undersold.

G. V. Meek.

Remember that we are selling out to quit the business and everything must go, regardless of cost. Come and be convinced for yourself. Nobody can under sell us in any line of merchandise.

D. Brown.

The fourth quarterly conference for the Big Blaine circuit will be held at Evergreen church the 16th and 17th of July. Rev. S. A. Donahoo, presiding Elder, will be with us.

H. B. Hewlett.

Charges have been filed against Supt. R. W. Holbrook and his removal is asked for in a petition accompanying the charges. The case will come up in County Court next Monday.

Last week we failed to mention that L. B. Dixon had purchased the interest of Bert Shannon in the business of the Arlington Hotel. Mr. Dixon is succeeding very much in the management of the hotel.

The frequent rains have interfered very much with the work of raising hay and oats and we hear considerable amount being raised. Corn, potatoes and other crops are doing better than for years.

The Smith Farm Sold

Isaac Potter, of Letcher county, has contracted with the heirs of Edward and Jane Smith for the purchase of their farm at the mouth of Blaine, seven miles below Louisa. The deal was negotiated by F. H. Yates. The farm consists of about 400 acres and is one of the best known places on Big Sandy river. Mr. Potter sold his large boundary of the coal land in Letcher county to the Northern Coal & Coke Company and will move to the Smith farm as soon as possession is given.

Prof. A. H. McClure, the efficient superintendent of the Nogales city schools, left Thursday morning to attend the National Educational Association which convenes in St. Louis on June 25th for a session of four days. After the adjournment of the N. E. A., the professor will spend two days looking at the big fair, after which he will join his family in Kentucky where he will visit several weeks, returning to this city about the fifteenth of August to arrange for the opening of the schools the first Monday in September. The patrons of our city schools are justly proud of Superintendent McClure in this city. He is ever alert of the time and attends all the leading educational gatherings and participates enthusiastically in the proceedings of these meetings. This was shown by the Arizona Educational Association at its meeting in Phoenix last December unanimously selecting him as secretary of the association for the present year. Arizona has no better school man than Professor McClure. We wish him a most enjoyable vacation.—Nogales (Ariz.) Vidette.

The T. H. Roberts Contract Company has been incorporated at this place, with \$5,000 capital stock. Mr. Roberts has transferred to the company his contracts for stonework on the Big Sandy division of the C. & O. railroad, which consists of culvert and arch work where hills are to take the place of trestles.

The president of the company is Dr. M. G. Watson. Mr. Roberts will have supervision of the work. The contracts already in hand will probably require this and next season to complete.
